ALUMNI INTERACTION ON INDUSTRIAL EXPECTATIONS

REPORT

Alumni interaction on campus to corporate was organized on 18.08.2023 for II BCA students. Mr. R. SATHISH, Associative-INFOTECH-CHENNAI,

He shared about industrial exertions, our people have their own expectations for how your organization and your leaders should act; if their expectations aren't met, they'll eventually look elsewhere for work. Industry expectation can be termed as what the industry expects from you, both professional qualifications and soft skills when they hire you as their employee. Professionalism in the workplace includes having high quality work standards, being honest and having integrity, and taking responsibility for your own actions, Industries often expect workers to be professional, productive, respectful, and responsive to customer needs. In conclude the session vote of thanks by S. Priyadharshini, Asst. Prof, BCA.

Report on Alumni Interaction

Department of B.Com PA has organised Alumni interaction to the students of III B. Com PA on 23.08.2023 in the Room No.A219 at 2.30pm. Mr. G. Hareesh, Accounts Executive, Rajshree Biosolutions LLP was the Alumni. He interacted with the students regarding **“College to Corporate Journey”**. he started his session by stating that transition, an inevitable and dynamic process, happens at different stages in everyone's life. From school to graduation, higher education, and job, it is a journey of continuous learning and growth. Every stage demands different behavior and attitude from the students and leaves them with at least one takeaway. He said Student life is considered the most carefree stage of one's life in comparison to when one steps into the corporate world. Campus life and corporate life are fundamentally different from one another. Campus life operates in its own way, we get acquainted with the pattern of classes, examinations, events, etc which makes it a smooth ride for all of us. At last, he concluded his speech by stating that transitioning from campus to corporate requires more attention and planning. We cannot expect the campus' pattern to replicate itself in the corporate world.
