About the College

VLB Janakiammal College of Arts and Science, a Co-educational Institution was established by the eminent industrialist and philanthropist of Coimbatore City, Sri.V.L.Balakrishna Naidu on 15th April 1991 under the VLB Trust established by him in 1980. It has adequate infrastructural facilities for conducting classes and housing laboratories with the built up area of 14407.3 sq.mt spread over an area of 8.10 acre, including playground over an area of 2.70 acre

Within a span of 29 years, the College has become the most preferred destination for the seekers of higher education. The students joining the various courses of study offered by us, come from nearby states like Kerala, and far off places, especially, from Assam and Bihar. The students who join this college appreciate the quality delivery system, and see to that their brother; sisters and friends also join this college.

The students who are admitted not on the basis of outstanding performance in their qualifying examination, show marked improvement in the examination scores when they progress from one academic year to another and finally leave the portals of the college with a decent percentage and even University Ranks. Many go out with the added bonus in the form of offer letters for jobs from reputed companies through our placement Division.

We were able to identify the areas of our strength and weakness, through exercises in connection with ISO 9001- 2015 certification. This certification was followed by our attempt to get NAAC Accreditation. The process undergone by us gave a fillip to our determination to move forward in achieving our declared mission with confidence. The NAAC Re-accreditation in 2014 gave us the taste of delivering quality service to our stakeholders. The NAAC, IQAC is functioning as a watch dog of the services provided by us. The regular End – Semester audits by IQAC helped us to identify the weak links in the otherwise strong chain.

Now, we have prepared our proposal for NAAC Re-accreditation process of the IIQA to National Assessment and Accreditation Council, Bangalore. It is our fervent hope that we stand to improve our stature this time still more. We are aware that we have not achieved everything to deliver utmost quality service, but we are marching towards that direction with firm determination. While we have succeeded in reaching our declared goals in a modest way, we are constantly moving our goal posts to achieve excellence in the years ahead of us.

We believe our present move for getting NAAC Re-accreditation and its outcome would give us fresh direction to our academic activities.

The very purpose of NAAC Re- accreditation of this Autonomous College is to transform the students into holistic human beings through academic education, prospective higher studies, career up gradation, ethical orientation, environmental awareness, healthy human relations, national coherence and universal oneness. The time energy and money spent on this College are leading our primary stakeholder namely students to all around development as mentioned above.

The College is now growing year after year by upgrading the curriculum, strengthening the infrastructure, enriching the faculty, ensuring knowledge transfer, instilling research culture, augmenting extension services, grooming students as responsible citizens by infusing academic, psychological, professional, social, national and global values in their mind set.

About Controller of Examinations Office
